4. Make sure that option **Allow installation of apps from unknown sources** must be checked (Go to **Setting -> Security ->Unknown sources**) before installation of APK file.
5. Reduce camera resolution before capturing the photographs.
6. Dial ***#06#** to know **IMEI** number of mobile.
7. Before using mRWS app, Please stop other apps running in the background and clear cache/temporary memory.
8. For technical help call **011-24362610** between **9:00am - 1:00pm** and **2:00pm - 5:30pm (Monday - Friday)**.

Note: States are requested to send request to Ministry for mobile Application training through VC

A. Check Android Version:

Go to **Setting -> About Phone -> Android version**

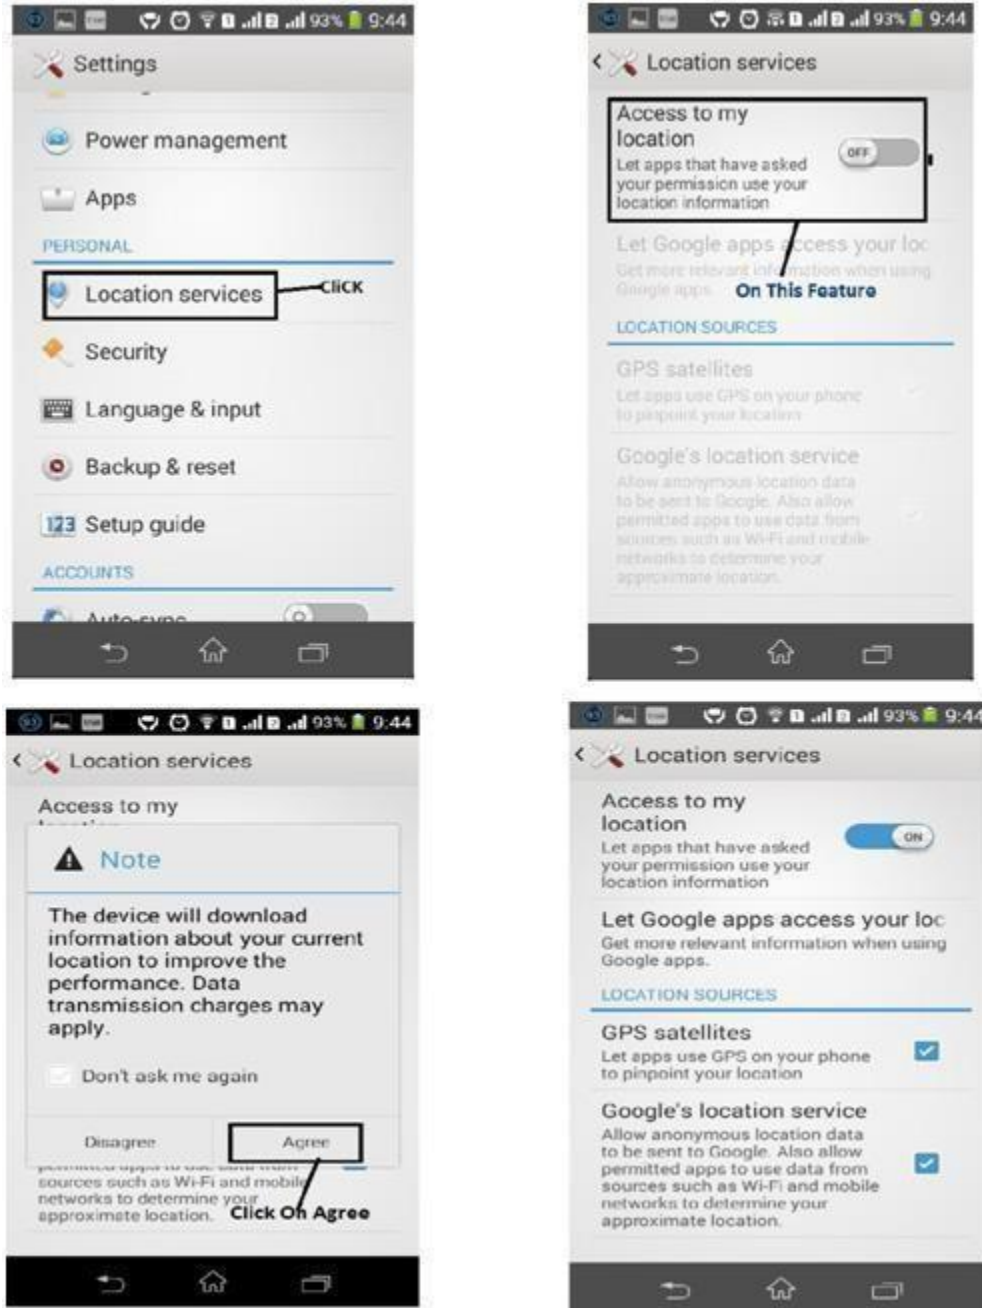

Please make sure that Android version must be 4.0 or higher.

B. Enable GPS (Location Services)

Go to **Setting -> Location Services -> Access to my location [ON]**

Please make sure GPS (Location Services) is enabled (Switched ON).
